It's not just nostalgia – Christmas was better in the 80s! So, we're heading back to the time of mixed tapes and tinsel for the Ultimate 80s Christmas Party!

Still think that *Last Christmas* is the best Christmas song? Still dancing round shopping malls like Tiffany? Or maybe *Stranger Things* has given you a love of all things 80s? Then we have the Christmas party for you!

Join us as we celebrate the best era of pop and the flashiest time for fashion.

Dig out those day-glow tops and get practicing those 80s dance moves as a fantastic live band will be playing the best hits of the decade!

Our Ultimate 80s Christmas Party is ideal for small work teams or groups of friends looking for festive fun. A delicious buffet of street food with a festive twist will be available to enjoy on the night.
